

BAKER STREET ELEMENTARY
NUMBER 242 - 11-03-2019

FAY, MASON, & MASON

ARCHIVAL QUALITY "You can file it in our archives" [RETI]

For those following these pages, next weekend marks the BSI Archive event at the Lilly Library at Indiana University in Bloomington, Indiana.

The BSI Archive itself is an important repository of items related to the history of the Baker Street Irregulars, the foremost literary society dedicated to Sherlock Holmes.

And celebrating its new location will include a special exhibit of 221 items of significance from the collection.

What will be among those 221 pieces?

Glen Miranker, BSI ("The Origin of Tree Worship") shared some of those secrets, as well as the significance of the Lilly Library in Episode 175: Building an Archive.

Perhaps it's something you can take with you on the road if you're attending the event.

Or perhaps listen to next Saturday, if you're not.
