

THIS WEEKEND I ASKED MY DAD IF HE COULD EXPLAIN THE DIFFERENCE BETWEEN A RADIUS, DIAMETER, AND CIRCUMFERENCE OF A CIRCLE ?

**MY PARENTS NEVER HELP
ME WITH MY MATH
HOMEWORK...**

**YES I HAVE LEARNED I
GET HIGHER GRADES
BY SIMPLY GUESSING
THAN USING MY
PARENTS...**

**INSTEAD, HE ASKED ME - WHAT DO YOU
GET IF YOU DIVIDE A PUMPKIN'S
CIRCUMFERENCE BY IT'S RADIUS ?**

PUMPKIN π ...

HE THEN SAID 3.14 % OF SAILORS ARE
"PI - RATES"...

ONCE AGAIN, MY MOM HAD TO HELP
WITH MY HOMEWORK...
